Premier Performance

Ishida's IP-Ai PC-based hand-wrapping system is the ideal complement to high-volume automatic wrappers. The IP-Ai is capable of fast weighing and print speeds up to 5.9 inches per second. Its front-loading large, nine-inch label roll capacity keeps businesses up and running longer. Create eye-catching labels with the ability to store and print custom graphics.

Designed to enhance visibility and productivity, the large color touch screen provides easy access to PLUs via category keys. Networking capability with Ishida's ScaleLink Pro 5 and other third-party scale management software helps maintain consistent and accurate pricing.

From ergonomic design to high-speed performance, the IP-Ai offers the latest technology to streamline prepackaging operations.
